## ADOPTED

BOARD OF SUPERVISORS  
COUNTY OF LOS ANGELES

15 October 4, 2011

*Sachi A. Hamai*  
SACHI A. HAMAI  
EXECUTIVE OFFICER

The Honorable Board of Supervisors  
County of Los Angeles  
383 Kenneth Hahn Hall of Administration  
500 West Temple Street  
Los Angeles, CA 90012

Dear Supervisors:

### **APPROVE HIRING A CONSULTANT TO BE THE COUNTY ENTERPRISE MASTER PERSON INDEX PROJECT MANAGER (ALL DISTRICTS) (3 VOTES)**

#### **SUBJECT**

Authorize the Chief Executive Officer to instruct the Director of Internal Services, or his designee, to execute a work order under the Information Technology Support Services Master Agreement (ITSSMA) with Kforce Inc. (Consultant) to provide project management services for the implementation of the County Enterprise Master Person Index (EMPI) system, the initial phase of which includes the departments of Children and Family Services (DCFS), Health Services (DHS), and Mental Health (DMH).

#### **IT IS RECOMMENDED THAT YOUR BOARD:**

Authorize the Chief Executive Officer to instruct the Director of Internal Services, or his designee, to execute an ITSSMA work order with the Consultant to provide project management services for the implementation of the County EMPI system.

#### **BACKGROUND**

On May 17, 2011, your Board adopted Ordinance No. 2011-0020 amending Title 2, Administration of the Los Angeles County Code, relating to the Interim Governance Structure, designating oversight of the directors of DCFS and the Probation Department to your Board.

On June 21, 2011, your Board, on a motion by Supervisor Yaroslavsky, delegated administrative oversight authority to the Chief Executive Officer for the purpose of coordinating the following data sharing initiatives: a) EMPI; b) Enterprise Linkages Project (formerly known as Adult Linkages Project); c) Homeless Prevention Initiative Cost Avoidance Studies;

*"To Enrich Lives Through Effective And Caring Service"*

***Please Conserve Paper – This Document and Copies are Two-Sided  
Intra-County Correspondence Sent Electronically Only***

d) Linkages; e) Outcomes of Youth Exiting Dependent Care; f) Skid Row Collaborative Cost Avoidance Study; and g) Residential Placement Protocols. Your Board further instructed the Chief Executive Officer to return to your Board for approval of any future, additional or amended contracts that relate to these ongoing data sharing initiatives, as well as requests for delegation of administrative oversight for any new data sharing initiatives and related contracts.

The Chief Executive Office (CEO), in partnership with the Chief Information Office, is leading the effort to establish an EMPI that would allow County departments to uniquely identify common clients/patients/persons (clients) in an accurate, reliable and timely manner. The unique identification of common clients is a prerequisite to sharing client data for coordination of care, improvement of services, and cost savings. The EMPI system will be built on a standards-based model that will allow compatibility with current and future departmental systems. On May 3, 2011, your Board was previously notified of the CEO's intent of entering into sole source negotiations with International Business Machines Corporation (IBM) and Western Health Information Network (WHIN); those negotiations are currently taking place. Cost and budget information, as well as an implementation timeline, will be provided to your Board after contract negotiations have been completed. Attached is the timeline for the EMPI Contract execution.

#### **PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION**

The purpose of the recommended action is to allow the CEO to engage a Consultant, who will be responsible for managing the overall EMPI project and its deliverables, including assisting with system procurement, management of all other related vendors and their activities. The Consultant will plan, control and execute project activities and coordinate resources to ensure established objectives are met within the agreed-upon scope, schedule and resource commitments.

#### **IMPLEMENTATION OF STRATEGIC PLAN GOALS**

The County EMPI project is key and critical to achieve the Los Angeles County Strategic Plan Goal 4: Health and Mental Health – Strategy 4: Data Sharing.

#### **FISCAL IMPACT/FINANCING**

Pricing for this ITSSMA work order to pay for the project manager will be based on a time and materials basis. This work order is for a maximum amount of \$299,000, up to 18 months, to begin upon work order execution. DHS and DMH will each cover 50 percent of this cost which has already been allocated in each of their respective budgets. Cost of the County EMPI project will be presented to your Board upon identification of the framework architecture of the proposed solution and completion of contract negotiations.

The Honorable Board of Supervisors  
October 4, 2011  
Page 3

### **FACTS AND PROVISIONS/LEGAL REQUIREMENTS**

The ITSSMA is a Master Agreement approved by your Board and managed by the Internal Services Department (ISD); it enables departments to utilize work orders for information technology consulting services.

### **CONTRACTING PROCESS**

On June 9, 2011, ISD released an ITSSMA Work Order Availability Notice to vendors pre-approved for Master Services Agreements. The bid closed on July 13, 2011. The bids were evaluated consistent with the ITSSMA Work Order process. The selected vendor of the bid process was Kforce Inc., the lowest priced, qualified bidder.

### **IMPACT ON CURRENT SERVICES (OR PROJECTS)**

Your approval will ensure that CEO will acquire the resources necessary to effectively manage the implementation of the County EMPI system.

### **CONCLUSION**

Upon approval by your Board, please return two adopted copies of this letter to the CEO's Service Integration Branch.

Respectfully submitted,

WILLIAM T FUJIOKA  
Chief Executive Officer
